

**The way power is produced in the Tennessee Valley is changing. Now you can choose cleaner, greener electricity generated from wind, solar power, and landfill gas.**

**the switch is on**

### **Green Power Switch Information**

- ❖ You can buy **Green Power Switch** in 150 kilowatt-hour blocks. Each block you sign up to purchase will add \$4 to your monthly power bill, and you can buy just one block or as many as you like.
- ❖ The Green power you pay for will be added to TVA's electric system as part of the Valley's total power mix, so that you're always assured of a reliable supply of power.
- ❖ Making the switch makes a difference, so sign up today and make a positive impact on tomorrow. Call your Morristown Utilities, 586-4121, for details, or visit our Web site at [www.greenpowerswitch.com](http://www.greenpowerswitch.com).

### **Green Power Switch Application**

Just fill out this reply sheet, indicating your home utility account number and the amount of green power you would like to purchase each month, and enclose it with your bill payment.
